

**Chattanooga Deanery Report
January 2020 Board Meeting**

The Chattanooga Deanery Board has not had their meeting to start this year. We will be having that meeting in the coming weeks. All parishes for the Chattanooga Deanery have a KDCCW membership. All parishes have a group of women who participate in activities as a group. Not all are necessary with the name of CCW. I will get list of their activities this month.

We will be having an Anniversary Mass for the 100 year of NCCW. We will be welcoming all women of the Deanery. We will be working this month on the location and the date. I did not have a board meeting since last summer. We will be having one this month. I apologize for not having that or our activity but personal circumstances prevented that from happening.

Our goals for this year are to continue to increase our membership now that we have all parishes as members of the Chattanooga Council of Catholic Women. Our officers will be attending as many of the parish meetings as possible.
