

KDCCW Membership Report

January 11, 2020

As stated in my September 2019 report, I did ask each Deanery President to assist in increasing the membership to the NCCW by contacting each of their affiliate's Board Members and encouraging them to become active members of the NCCW.

After our September meeting, I wrote each Deanery President a handwritten note asking their assistance as stated above. In the clasped envelope I included one or two of the newest NCCW Membership brochures and a copy of the insert "What does Council do for me". I asked each president to contact the various Board Members of their affiliates and send them information, such as the new brochure and the insert I sent them. I explained that the brochures are available on line – 25 brochures for \$5.00. Insert can be printed out from NCCW home page.

To date, I have not heard from anyone. I hope this is due to the busy holiday seasons.

To my knowledge, the status of NCCW memberships within our KDCCW is the same as last reported in September 2019.

Respectively submitted,

Gigi Chasey

Membership Chairperson
