

January 2022

This quarter we looked into automated email database options for KDCCW and concluded that the current list is sufficient and moving to an automated database would not be worth the cost at this time.

We are continuing to look at updating information so that the directory and website are consistent and can serve as a starting point for anyone looking for resources/contacts. We are looking at how to increase KDCCW's visual presence and public relations so that the diocese and potential members (as well as current members) are aware of all the opportunities offered. We are also clarifying defining the roles of the communications committee.

Finally, I'd like to remind you that the Dogwood Connect newsletter goes out quarterly. The next deadlines coming up for the newsletter are Jan. 30 and Apr. 30. Please send items to Susan Collins or Linda Johnson.

Happy Feast of St. Francis de Sales, patron saint of writers and journalists, on Jan. 24!

*"The slow pace of our perfection has to be borne with patience, provided that on our part we always do whatever we can to continue advancing."*—St. Francis de Sales
